automatica

The Leading Exhibition for
Smart Automation and Robotics

June 27–30, 2023 | Munich

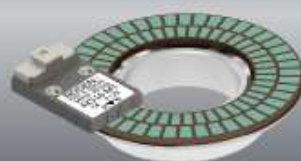

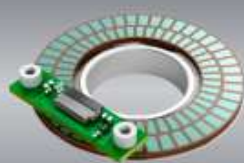

BOGEN Magnetics, a leading innovator in the robotics industry, is excited to announce the participation in automatica 2023 exhibition - the premier international trade fair for automation and robotics.

BOGEN will showcase latest breakthroughs, including the multi-turn AKS16-MT absolute magnetic sensing head and the compact size AKP18 absolute magnetic sensing head. These cutting-edge products have been specifically designed to transform the way movements are measured in the robotics industry.

We look forward to welcoming you at our booth 407 in hall B5 to experience firsthand our exceptional solutions and expertise.
